HEHR HORSE TRAILER WINDOWS

SOME STYLES MAY BE NO LONGER AVAILABLE SO PLEASE CALL FOR LATEST INFORMATION ON STYLES STILL BEING MADE

3561/3562

3563

3564

No Screen, Outside Latch

3565/3566

3567

3568

Inside Screen, Inside Latch

3569

3571

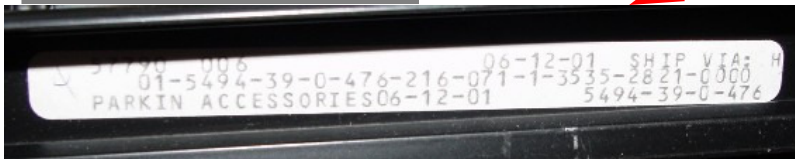

3570

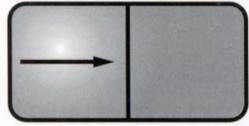

Inside Screen, Weep Slots with Plugs & Installation Spacers Top & Bottom. Inside Latch

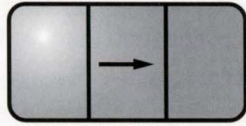

Pull window out and get part number from backside of the frame.

HEHR TRANSIT BUS WINDOWS

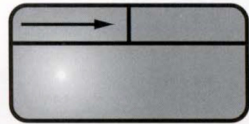

5471/5472

5463

Not all Transit Bus are the same. They look similar but, they are all special made to that particular bus. It's important to know the window manufacturer, coach builder, sizes, shapes and if contoured or flat. Some examples shown here.

Note: The models below are available with various contours.

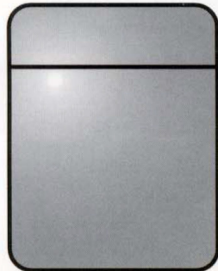

5436/5437

5464

5478/5479

5405 Destination

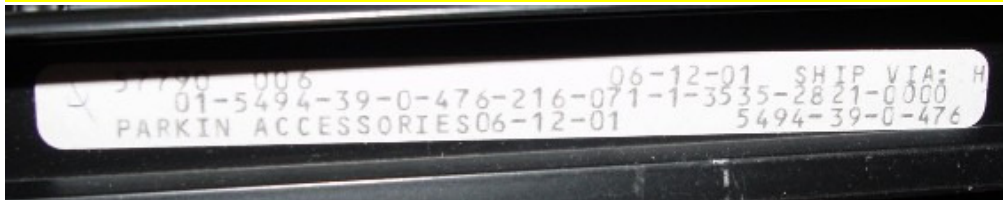

5493

Notes: All windows are shown from outside view. When ordering egress windows, use the following modifiers: -34 In-bound die cast handle; -38 In-bound cable release; -39 Out-bound die-cast handle. Window corner radius is 4". Where more than one model number is shown, the second number indicates that the opposite panel slides.

Pull window out and get part number from backside of the frame.

TL-105-KIT
Window install kit-
Self tapping screws
D-shaped Clean Seal
with adhesive back.

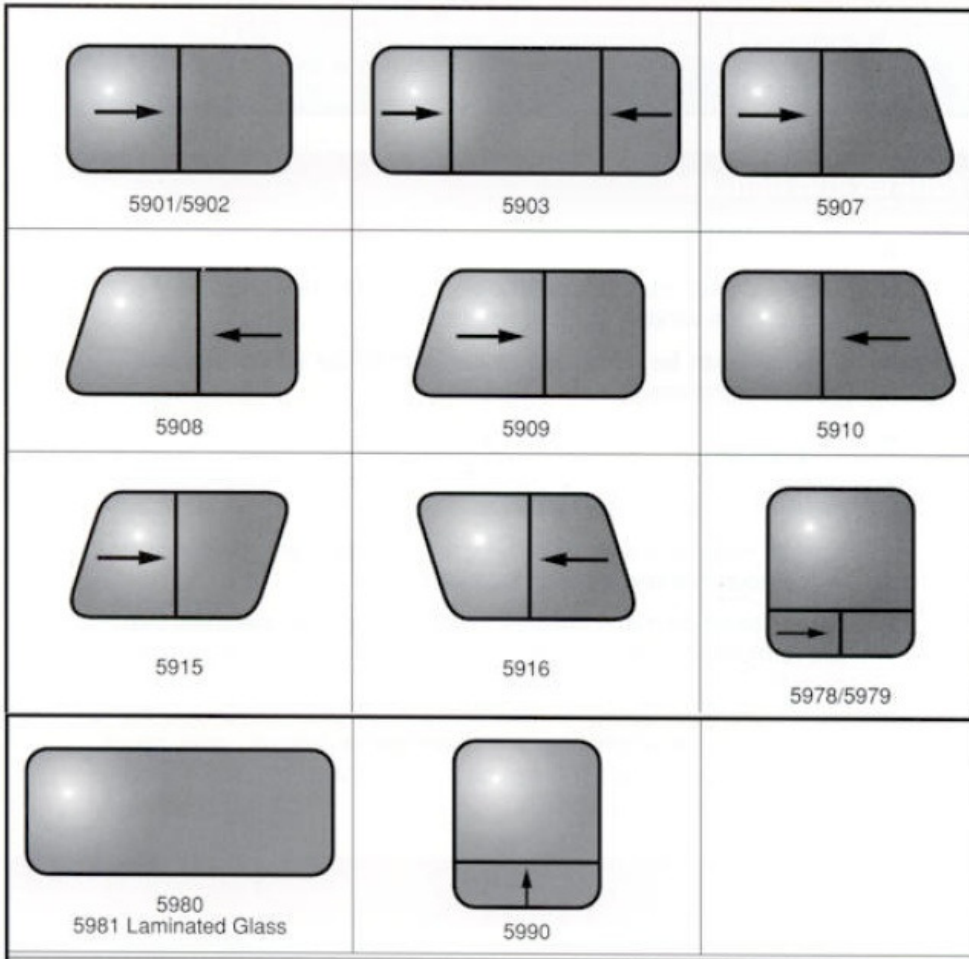

Double Top T Style shown here.
These can be flat or contoured

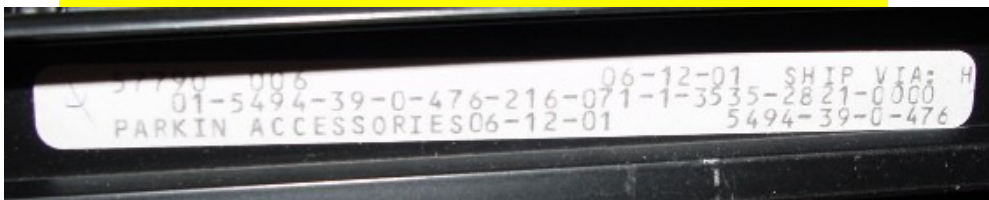

Yes ! We have conversion van windows also !

HEHR RV WINDOWS

Pull window out and get part number from backside of the frame.

TL-105-KIT
Window install kit-
Self tapping screws
D-shaped Seal
with adhesive back.

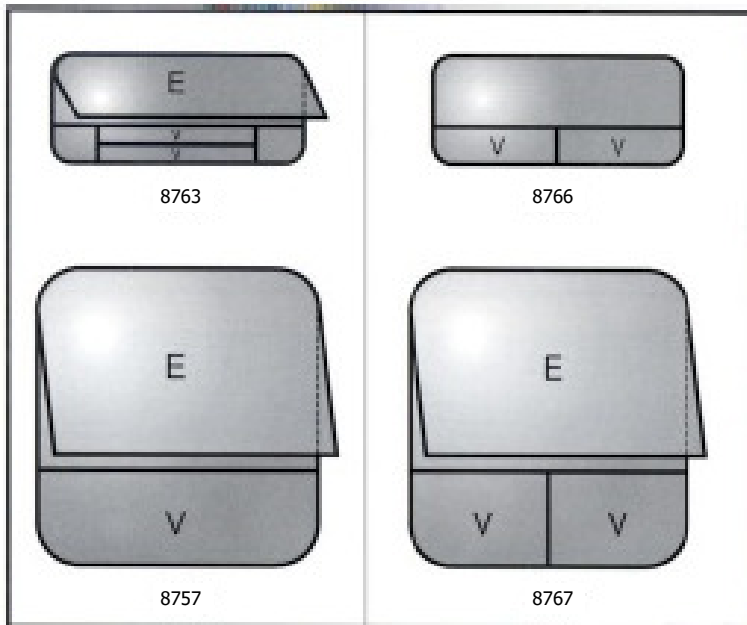

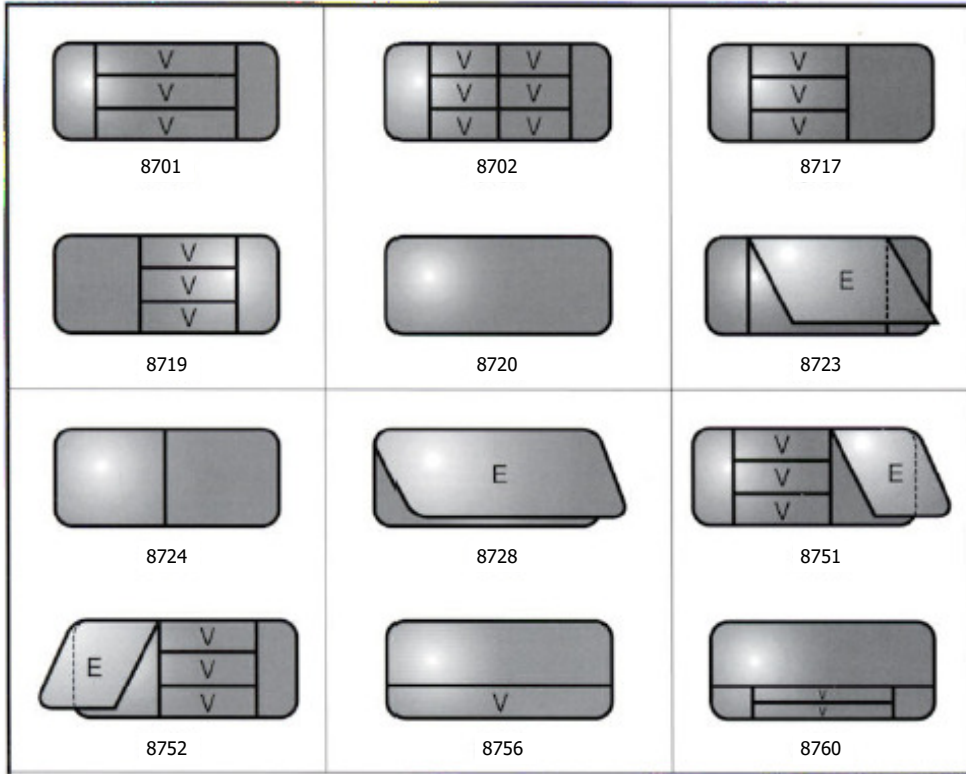

We have been distributing the Hehr window line for over 30 years and are happy to help you with all your Hehr window needs.

These drawings are for reference only. You may see the style similar to the one you want to replace. Use these as a guide to describe to us what your window may look like and we will be happy to assist you.

Our web site is constantly being updated so please refer to it and save it as one of your "favorites" .

HEHR RV WINDOWS

LCI - KINRO FRAMED STYLE WINDOWS

Not all windows are fully servable however, we are willing to help you with your LCI / Kinro window replacement needs, parts or whole window assemblies.

All Kinro windows have a part number label that is located on the backside of the window frame.
In order to see this number, you will have to pull the window out of the vehicle.
This is needed for window replacements.

These drawings are for reference only. You may see the style similar to the one you want to replace. Use these as a guide to describe to us what your window may look like and we will be happy to assist you.
